Wheat Preventive Planting		Wheat and Oats Late Planting Period		
If you have a Preventive Planting claim, you should notify your agent within 72 hours after the final planting date or if you decide to plant in the late planting period, notify your agent when you complete planting.		The late planting period for wheat and oats begins the day after the final planting date for the insured crop and ends 5 days after the final planting date.		

800 Woody Jones Blvd, Florence, SC 29501 ♦ 843-662-1527
